

HARVEST

THE BOUNTY OF WASHINGTON

PHOTOGRAPHY EXHIBITION OF WASHINGTON STATE

HARVEST: The Bounty of Washington

This is a juried exhibition of fine art photography celebrating the variety of food products harvested in Washington State, and the diverse people and communities who make it exceptional, as viewed through the lenses of local photographers.

The Washington State Convention Center has an impressive public art gallery housed within the facility that is free and open to visitors every day. The agricultural theme of this exhibition reflects the Convention Center's commitment to Washington products. In 2014, the WSCC offered a farm-to-table menu to over 430,000 guests, supported by purchases of Washington-grown food products averaging \$450,000 annually. This commitment also provides significant financial benefit for farmers, ranchers, fishermen, growers, brewers and wine makers throughout the entire state.

Spokane Convention Center and Three Rivers Convention Center join us to showcase this traveling exhibition; they, too, are committed to serving local products, in an effort to help create jobs and support Washington State agriculture.

To inquire about purchasing a photograph, please contact Diana Cross at diana.cross@wscc.com, or 206-694-5000.

All works are copyrighted by the photographers and reproduced with the permission of the photographers.
